Dear educators,

Sweater weather is officially here, and it's the perfect time to settle in and explore brand new resources from PBS Wisconsin Education!

Check out the newest addition to *Meet the Lab*, which shines a light on exciting climate research and how it connects to a Wisconsin farm.

Then, meet two new artists in the *Re/sound: Songs of Wisconsin* collection:

- **Kellen "Klassik" Abston** channels his creativity into making electro-soul-infused hip-hop music.
- Jazz vocalist **Marcya Daneille** connects to the moment through improvisation.

Happy exploring!

Your partner in education,
Tawny Morrison

Meet the Lab: Climate Trackers

Ankur Desai's Ecometeorology Lab collects data to help inform decisions about Earth's changing climate. Learn about sustainable farming practices being used today and why they're causing excitement in the climate research field. (Grades 6-8)

Marcya Daneille

Meet Marcya Daneille, a jazz vocalist based in Milwaukee, in the Re/sound: Songs of Wisconsin collection. Learn why she describes her style as “classically-trained, jazz-influenced, and soul-inspired,” and explore connections between music of the past with music of today. (Grades 4-8)

Kellen "Klassik" Abston

Kellen Abston, known as “Klassik,” was born and raised in Milwaukee. Watch a performance of his unique electro-soul-infused hip-hop music and discuss the ways family, mentors, and friends can influence the music we love and the interests we pursue. (Grades 4-8)

Behind the scenes at PBS Wisconsin Education
Strengthening Connections with Families Community of Practice

Wisconsin Head Start Association and PBS Wisconsin Education held their first community of practice session focused on strengthening collaborative connections with families through multimedia resources and strategies.

PBS Wisconsin Education activates technology to serve learners and educators, because learning happens everywhere - the world is our classroom. We amplify your expertise - along with best practices in education - to nurture learning in Wisconsin’s classrooms, virtual environments and neighborhoods.
